CALL TO ORDER

The meeting was called to order by Gardner Umbarger, chairperson, at 12:16 PM.

ROLL CALL/ATTENDANCE

Those in attendance make introductions. Chair welcomes attendees.

APPROVAL OF AGENDA

A motion to approve the agenda with the addition of a comment period for both parties during new business was made by Barb Bartnik seconded Nancy Munsey, and unanimously approved by all members in attendance.

NEW BUSINESS

- SWVMHI Review of Decision Made by AR (12:21p)

CLOSED SESSION

Upon a motion made by Gardner Umbarger and seconded by Nancy Munsey, the committee entered closed session at 12:50 PM pursuant to Virginia Code §2.2-3711, a.15 and §2.2-37.05.5 for the purpose of discussion of treatment plans.

RETURN TO OPEN SESSION

Upon a motion made by Gardner Umbarger and seconded by Nancy Munsey, and unanimously approved by all members in attendance, the committee returned to open session at 1:16 PM. Each member then certified that, to the best of each member's knowledge, only private business matters, lawfully exempted from statutory open session requirements and identified in the motion by which the closed session was convened, were considered in the closed session, namely to review an Individual's restrictive plan.

A motion to approve the decision made by the AR was made by Gardner Umbarger, seconded by Barb Bartnik, and unanimously approved by all members in attendance.

MEETING ADJOURNED

The meeting was adjourned at 1:22 PM by Gardner Umbarger, Chairperson. The next meeting will occur on August 9th, 2022.

Statewide Updates

Omni Institute Report on Opioid Misuse: According to a new report released by OMNI Institute, an evaluation partner of DBHDS. The report details a 60% decrease in misuse of any opioids in the past 30 days by participants in Virginia's State Opioid Response (SOR) Grant-funded program. These participants accessed a variety of treatment and recovery services according to the best fit for their needs. The three most commonly utilized services are Medication-Assisted Treatment, counseling, and peer support. Curbing the opioid crisis in Virginia has been one of our top priorities, even before the COVID-19 pandemic brought alarming new trends in overdoses. Now, more than ever, the work to expand treatment access, increase prevention and community coalitions, and deploy multi-year federal SOR

grants is critical as we work to reverse these trends. This new data gives us great hope for what treatment and recovery services can do for those that are able to access them.

Claude Moore Scholars – The Richmond Times-Dispatch featured a story about our partnership with the Claude Moore Foundation's Scholars program, which is working to connect students to possible careers in health care, and especially behavioral health. This work has begun with a partnership between Petersburg Public Schools and Central State Hospital, and in the coming months, students in the program will have a chance to participate in a work study program at Central State that will help expose them to the many different careers within the behavioral health field. We are very excited about the possibilities here and see our work with Claude Moore as building a pipeline for the future that can truly benefit our entire system, while also strengthening our connections to the communities we serve.

Governor’s Commitment to Mental Health

My administration is working with legislators this General Assembly session to make much-needed improvements to state hospital services and community mental health services. These critical actions include working to increase historically low salaries at state hospitals, bolster behavioral health and crisis across Virginia, improve the discharge processes at state hospitals and develop an alternative custody service to relieve law enforcement of long hours waiting with patients in emergency departments.

COVID-19 Cases – As of 3/11/2022 COVID-19 Update – The latest COVID-19 numbers from our facilities show only 10 positive cases across all the DBHDS operated facilities. This is a significant decrease.
